

RAFAEL XAVIER

ABOUT ME

Certified **Full Stack Web Developer** with hands-on experience building responsive websites and dynamic web applications using **HTML, CSS, Bootstrap, JavaScript, PHP, MySQL** and **Python**.

As my final project at **CodeMaster (17/20)**, I designed and developed a complete **full stack CMS** platform from scratch, including authentication, content management, image handling and a custom admin dashboard.

I have also developed and deployed real-world websites using **WordPress** and **Elementor**, including hosting setup, domain configuration and DNS management.

With previous experience in **hospitality, hospital administration** and **music production**, I bring strong communication skills, adaptability, organization and attention to detail.
